A Chartered Quantity Surveyor with over 20 years of experience in the international construction industry, Kenneth brings a unique blend of expertise gained from working with contractors, consultants, and developers.

His portfolio includes high-value and complex residential, hospitality, commercial, and industrial process projects in Singapore and overseas, often in challenging environments and involving coordination with multi-national consortiums.

He has extensive knowledge of both Singapore and international forms of contract, including SIA, REDAS, PSSCOC, FIDIC, and bespoke agreements. His core expertise lies in commercial and contractual dispute management, dispute avoidance, and claims handling, covering extensions of time, loss and expense, prolongation, acceleration, and disruption.

As a testified expert, he has given oral evidence under cross-examination before arbitral tribunals, demonstrating his ability to communicate complex technical issues with clarity and deliver clear, well-reasoned analyses to assist tribunals in reaching fair decisions.

His unique background enables him to approach issues from a broad, multi-disciplinary perspective, delivering clear, practical, and balanced solutions to complex contractual challenges. In addition to his professional practice, he also serves as a lecturer at a leading university in Singapore, sharing his industry expertise with the next generation of construction professionals.

This expert has the following cross-examination experience:

- Domestic Arbitration

This expert has recently been instructed by:

- Dentons Rodyk
