Presentations and training

Since 1999 Mark has delivered numerous and frequent presentations. He has also been writing and delivering training since 2014.

Mark is a Chartered Quantity Surveyor with 30 years' experience in the engineering and construction industries. He specialises in dispute avoidance and resolution.

Mark has been appointed as a quantum expert in both litigation and adjudication proceedings on behalf of employers, contractors, sub-contractors, and consultants. Mark has also assisted the lead expert on many commissions. He has provided written reports in relation to the true value of works completed and losses incurred as well as providing opinion on the application of measurement rules.

Mark has experience across a wide range of sectors including building, civil engineering, energy, infrastructure, oil and gas, process and industrial, and mining.

Prior to becoming a consultant Mark trained with Professional Quantity Surveying Practices and gained considerable experience in all aspects of pre and post-contract quantity surveying duties.

This expert has the following cross-examination experience:

- Successfully completed external cross examination courses

This expert has recently been instructed by:

- DAC Beachcroft
- Kennedys Law
- Paris Smith

"I consider XX was extremely fortunate to secure your services for this complex and delicate task, and I know the Trustees would wish me to pass on their thanks for all you have done for our charity ... I would certainly have no hesitation in recommending you unreservedly." (Institutional Employer)

"Your Report was excellent. I used the two page summary in my presentation to Trustees today, and it was very useful to have independent corroboration of our views. The Trustees liked your recommendations, and we will be writing to ... accordingly. Thank you also for your suggestions as to how we can minimise the risks going forward." (Institutional Employer, following report on mid-contract review)"
