#### **Summary:**

Phil is a quantity surveyor with over 25 years of experience in the construction and engineering industries. He particularly deals with the preparation and valuation of variations; claims for prolongation disruption and acceleration, disputed accounts and counter-claims and damages.

Phil gained 12 years working experience with two of the UK's largest multi-discipline construction and engineering contractors. In this time Phil carried out a full range of quantity surveying and commercial management functions on power station projects, water and sewage treatment works, petro-chemical and other process plants as well as major civil engineering projects across the UK.

For the past 16 years, Phil has been a consultant involved in claims, dispute, and expert work on major projects around the globe including UK, France, Netherlands, Germany, Poland, Denmark, Russia, Egypt, Saudi Arabia, Qatar, Oman, UAE, South Africa, Singapore, Peru, Canada, USA, Australia, and Japan.

Phil has experience across many sectors of the construction industry including power generation, water and sewage treatment, petro-chemical and process plants, roads, tunnels, rail, and major domestic and commercial building. He has been instructed on behalf of employers, engineers, main contractors, sub-contractors, and JV partners in dispute.

Phil has been involved in many different dispute resolution procedures in various jurisdictions including litigation, arbitration, adjudication, expert determination, mediation and DAB's.

This expert has recently been instructed by:

- De Berti Jachia Franchini Forlani
- Munday's LLP
- Pinsent Masons
- DAC Beachcroft
- KR Lalla & Company

*"Phil brings his in-depth and very wide ranging experience and knowledge to every matter with a hands on and affable approach. Phil is someone I have come to trust over many years of engagement on complex matters. I have never been let down by Phil or his judgement."*
